The Invoices cover the periods December 1 December 31, 2002, and the following periods in 2003: January 1 January 31; February 1- February 28; March 1 March 31; April 1- April 30; May 1 May 31; June 1 June 30; July 1 July 31; August 1 August 31; September 1 September 30; October 1 October 31; and November 1 November 30. The Invoices include descriptions of the services provided, including the subject matter of all conferences and telephone calls, the parties involved and the identity of all documents drafted, reviewed, and prepared on behalf of the Debtors, as well as the nature, purpose and necessity of all the services provided. A summary of the time costs by task/category and the reimbursable expenses incurred during the Final Fee Period is set forth on Schedule 1 annexed hereto. A summary of the total time expended by each professional in this case during the Final Period is set forth in Schedule 2 annexed hereto. Each of Applicant's Fee Applicants is available upon request of the Court, or other party in interest.

The fee requested by Mellon Consultants is not fixed or contingent, but is based upon Mellon Consultants' regular hourly rates.
- e. <u>Time Limitations.</u> This case has involved a number of deadlines, many of which have been on short notice. In addition to requests from the Debtors, their counsel, and other parties in interest, the Pension Benefit Guaranty Corporation raised several critical issues that needed to be resolved in order for the Debtors to emerge from bankruptcy. All these professional services were rendered in addition to regular on-going actuarial and reporting requirements. Mellon Consultants worked diligently to meet all such critical and on-going requirements.
- f. Amount of Time Involved & Results Obtained. Mellon Consultants has previously described the complexity of the issues involved in this case and respectfully submits that the time expended has benefited the Debtors, their estates and creditors, and has met or exceeded all reasonable expectations of the actuaries in similar cases.
